

# People first, public impact always

Helping government, public and private bodies access skilled talent

# We understand public delivery

Public sector hiring requires more than speed — it needs reliability, compliance, and cultural fit. We partner with local authorities, NHS trusts, housing providers and central government departments to deliver skilled interim and permanent staff who can make an immediate impact.

Whether you require a Director of Resources fulfilling a statutory role, a Consultant contributing to a specific project, or an Officer-level candidate offering additional support for 'business as usual', we've got you covered.

## Sub-sectors we supply to:

- |  |  |
|--|--|
|  Charities            |  Police             |
|  NHS                  |  Fire Services      |
|  Local Authorities    |  Central Government |
|  Housing Associations |  Universities       |

# A track-record you can count on

Whether you need one expert or a full squad, our delivery model is built for speed without compromising quality.

# Trusted by teams.

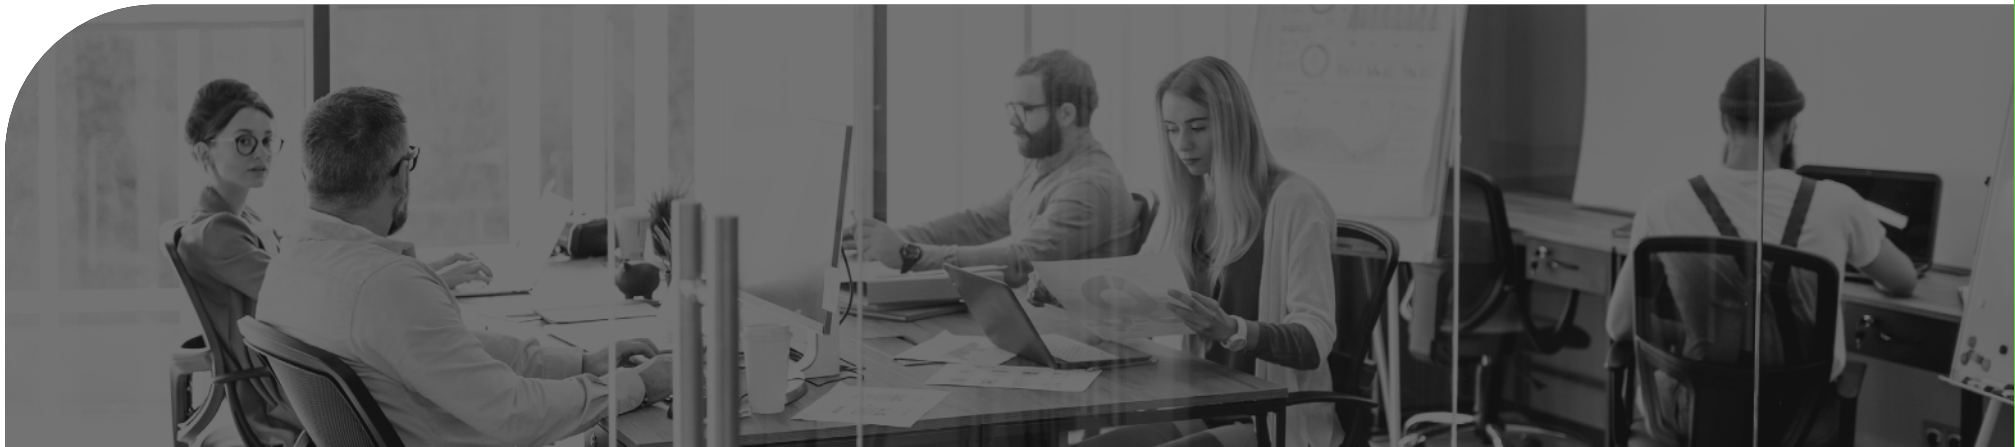

## Head of Office, Birmingham City Council

"It's very difficult because we're so niche in what we require and what we need. We work really quickly and we always get what we want in the time-frame that we want... The quality of people is great. The people that we generally recruit have to be UKPHR or GMC registered, and Vivid does all of those checks for us so it makes it much quicker."

## Housing Solutions Manager

"Vivid placed a contractor with us initially on a 6 month contract. That contractor has been with us for around 18 months in total. Throughout, I have worked with Vivid who have been nothing but professional. Wouldn't hesitate to contact again if I needed a temp in my team."

### **Interim Head of Development, Liverpool City Region Combined Authority**

"Whether as client recruiting interim staff or as a candidate looking for suitable roles, I have always found Vivid to be very knowledgeable about public sector regeneration and economic development roles. Exceptionally helpful and customer focused, always quick to follow up on enquiries and provide updates on progress."

### **Interim Head of Regeneration and Economic Development, West Lancashire Borough Council**

"I have worked with Vivid both as client and as a consultant. In both roles I felt I got my consultants full attention. They found me fabulous consultants who more than fulfilled the roles, and they found me a brilliant placement. Would highly recommend working with Vivid."

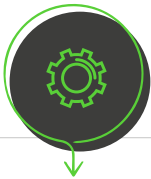

### **We've worked with:**

# Built around your hiring frameworks.

**Pre-qualified candidates:** We work with accredited and audited umbrella companies to ensure full compliancy requirements are met, including IR35.

**One point of contact,** full-cycle delivery.

**Interim and permanent solutions.**

**Recruitment Process Outsourcing (RPO):** we can manage your recruitment processes, improving efficiency, and reducing internal hiring burden.

**Managed Service Provider (MSP):** handling supply & management of contingent workers.

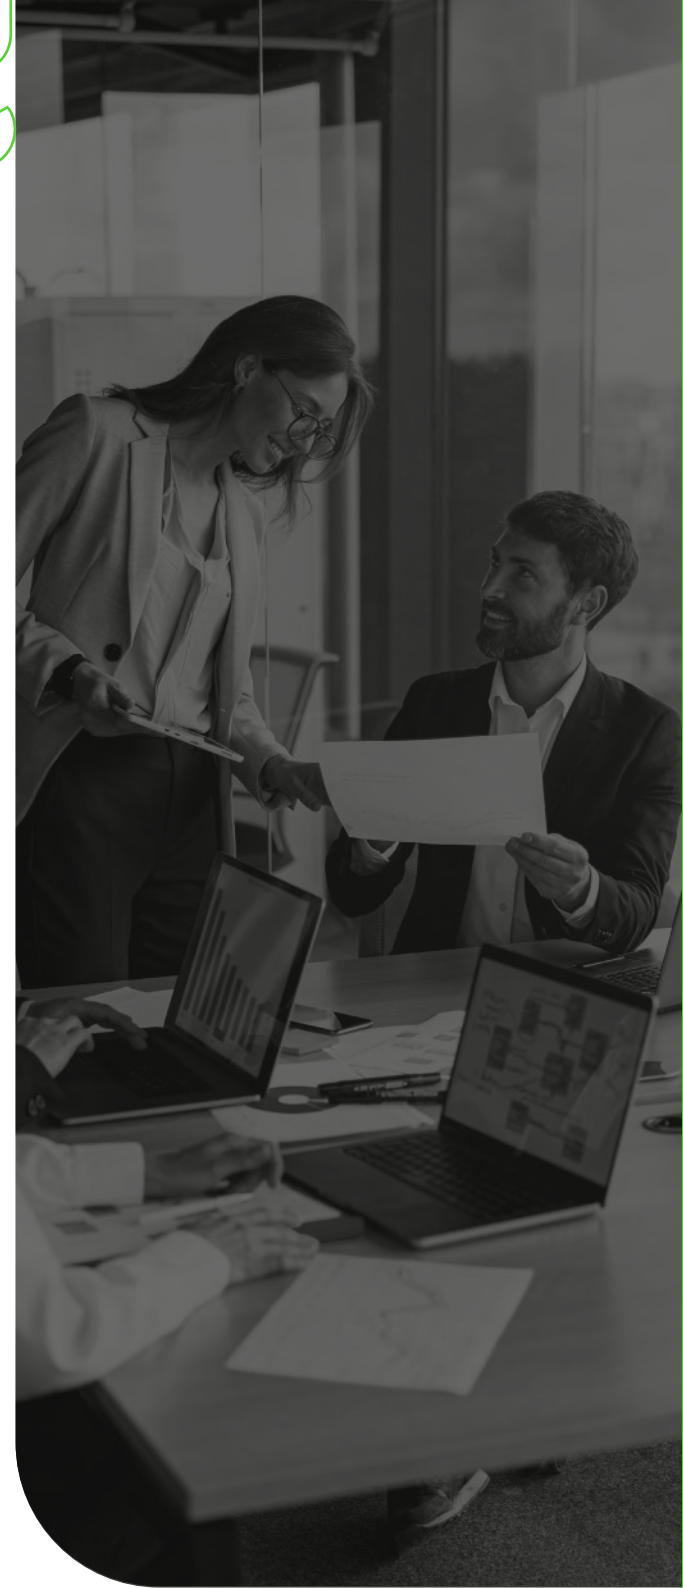

**Talent pipelining:** proactively building a pool of pre-qualified candidates for future hiring needs.

**Diversity & inclusion hiring strategies:** helping improve diversity in workforce.

**Candidate experience audits and feedback.**

**Competitor analysis & talent mapping.**
